

National Reach, Regional Touch

Network Distribution Solutions

Mission Statement

*Utilizing a national network of regional distribution specialists, the Mission of **Network Distribution Solutions** is to provide a dependable, cost-efficient source for multi-temperature logistics solutions.*

Network Distribution Solutions

The Assurance

Working as a **national network**,
we can assure shippers of an
integrated, precise &
successful solution.

National Reach – Regional Touch

Network Distribution Solutions

About NDS

The year 2002: A group of pool distribution carriers developed a nation-wide network solution – with emphasis on multi-temperature deliveries.

Regional carriers throughout the U.S. are responsible for creating **Network Distribution Solutions.**

Regional carriers are dependable, reliable, flexible, asset based, well-established & are familiar to many shippers already today!

The role Regional Carriers play in NDS:

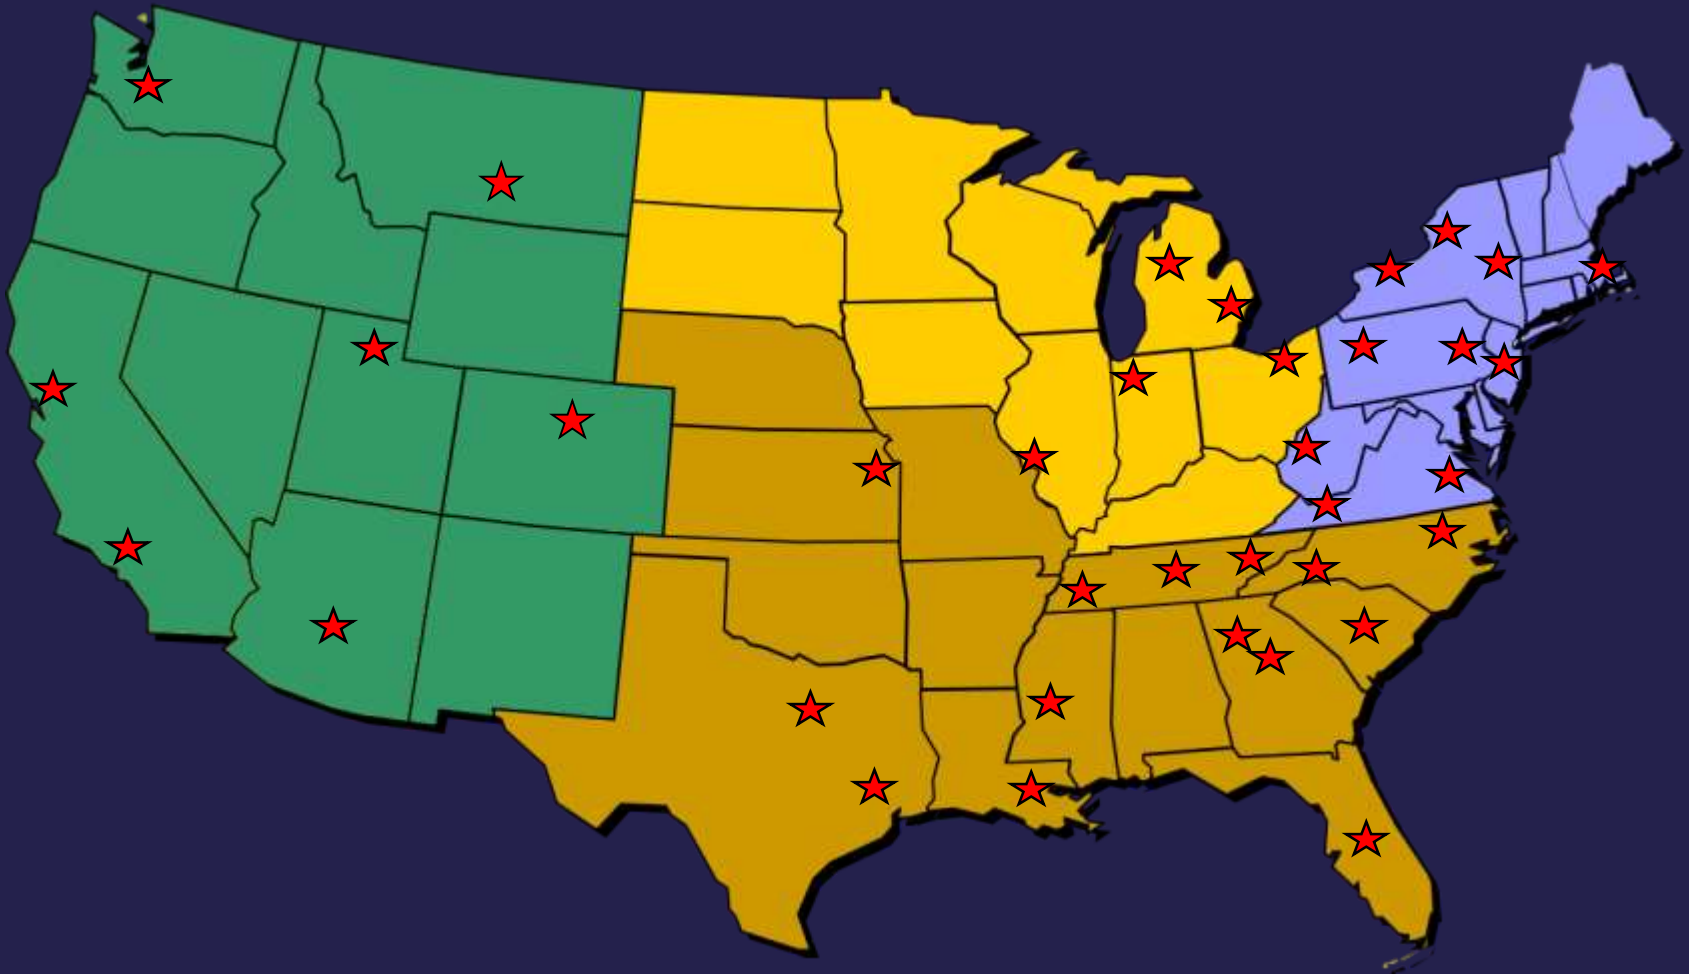

- Provide CSR point of contact for shipment inquiries, tracing, OS&D issues & more
- Coordinate EDI transactions to/from other carriers within region
- Make pre-appointments for deliveries
- Provide leadership to Member Carriers in their regions.

Who are the Regional Carriers?

Network Distribution Solutions

Network Distribution Solutions

The NDS Advantage

SERVICE

Throughout the NDS system, our delivery specialists are owner-managed companies with an unmatched knowledge of regional and local consignees. This makes it easier to provide reliable, consistent and timely deliveries.

With NDS, you can expect:

- Multi-temperature solutions which meet a full range of needs
- Food grade compatibility which protects the integrity of your product
- A better knowledge of your customers' specific needs
- A complete array of service offerings

The NDS Advantage

SIMPLICITY

As a single source, NDS provides advantages that are unique in the industry:

- A single point of contact maximizes the ease of doing business with NDS
- With complete EDI capabilities, NDS provides order visibility and tracking
- Our pre-appointment process minimizes surprises for shippers while meeting requested arrival dates

Network Distribution Solutions

The NDS Advantage

SAVINGS

By utilizing consolidation and pool distribution principles, our integrated, strategically located network of terminals provides the most cost-efficient distribution solution available.
